

POULTRY

FARMING LOANS

PRODUCT OVERVIEW:

Elevate poultry production for both egg and meat purposes with our specialized loan crafted for poultry farmers.

Key Features and Benefits

- Strategic Utilization:
 - Utilize the loan for the purchase of eggs, day-old chickens, construction of poultry sheds, poultry feed, equipment and machinery, labor costs, and other essential investments crucial for poultry farming.
 - Ensure the presence of a shade that aligns with the standards set for poultry farming.
 - An affordable lending rate that suits the financial dynamics of poultry production.
 - Encourages the development of small- to large-scale poultry production systems.
 - Assigned experts in the sector will provide ongoing support and consultation until the loan is successfully repaid.
