

WAREHOUSE

RECEIPT FINANCING

PRODUCT OVERVIEW:

This innovative financing solution involves the bank providing loans/advances to members and clients of the ECX (Ethiopia Commodity Exchange) by utilizing warehouse receipts issued in their names by the ECX.

Key Features and Benefits

- Commodities eligible for this financing are agricultural products accepted by the ECX for deposit and trade on its trading floors.
- Applicants must present a detailed Electronic-Goods Received Note (GRN) from the ECX, ensuring transparency and clarity in the transaction.
- Designed to alleviate cash flow challenges by unlocking funds tied up in goods

ELIGIBLE CANDIDATES:

Tailored for exporters, traders, cooperatives, farmers, and investors seeking a cutting-edge financial solution in collaboration with the ECX.

TARGET CUSTOMERS

- Members of the Ethiopia Commodity Exchange (ECX)
